BestPack™
the total tape sealing solution

CSS

Fully Automatic Servo Random Sidedrive Carton Sealer

The BestPack™ CSS Series is a Fully Automatic Random Carton Sealer featuring our servo driven technology, which allows for fast height adjustment, quick width adjustment and smooth sealing operations.

The CSS' design utilizes three independent stations: centering station, flap folding station, and sealing station. The CSS is designed for speed and allows for precise positioning at each station. This machine is capable of a carton output up to 30 cartons per minute.

Our CSS line incorporates our exclusive 2" or 3" pop-out pressure-sensitive "High Speed" tape heads with BestPack's patented tab adjustment. All BestPack units are available in our standard baked enamel finish and food grade 304 stainless steel for 21 CFR 110 compliance.

No Operator Required

Random Cartons

Top & Bottom Seal

Features

- Heavy Duty 3mm Welded Frame
- Allen-Bradley Human Machine Interface
- Allen-Bradley Servo
- Allen-Bradley PLC
- Allen-Bradley VFD for Side Belt High Speed Drives
- Floating Sealing Section
- Independent 3-stage Operation: Centering, Flap Folding, & Sealing
- Adjustable Bed Height from 24.5" - 30.0"
- Interlock Safety Gates
- Interchangeable 2" and 3" BestPack High Speed Tape Heads
- Pressure Sensitive Machine Length Tape Rolls

- UL Approved Electrical Parts
- Carton Pass Through without Tape
- Low Tape/No Tape on Carton/No Cut Sensors & Alarm with Three Color Warning Light
- Heavy Duty Casters

Options

- Spare Parts Kit
- Food Grade 304 Stainless Steel
- Omron PLC
- Yaskawa Servo Motors and Drives
