SEE THE BENEFITS

of the Ultra D.C. High-Speed Burnisher

Warranty: "Best Warranty on the Planet" – 5-years on motor and chassis.

- Burnishing power with 1.5 HP, 15 Amp, D/C rectified motor that eliminates burn-outs, low voltage and startup torque problems.
- Reliable 1170, 1500 or 2000 RPM motor speeds.
- 19", 20" or 21" aprons with non-marking, full wrap bumpers protect walls and baseboards.
- Low profile drive apron easily reaches under counter coves and beds.
- Balanced chassis design provides precise pad pressure. Includes flexible pad holder with threaded pad-centering device that conforms to floor irregularities, delivering an even shine and gloss.
- All metal chassis gives added weight for a faster, longer lasting and brighter shine.
- Designed with safety in mind. The interlock switch leaves both hands conveniently in control. Safety enhanced, non-conductive dual triggers eliminate shock potential.
- 6" non-marking operating wheels and separate 4" transport wheels prevent tracking of contaminants.
- Fully adjustable 48" handle is comfortable for all operators.
- Includes (1) 50-foot, 14/3-gauge safety power cord. The motor plugs into the cable at the handle base for easy maintenance.

APPLICATIONS

- Burnishers operate at a higher speed than slower buffers and provide a quick and economical way for a business to have a clean appearance.
- Burnishers are able to cover large spans of area compared to buffers. This makes burnishers useful for cleaning large surfaces in businesses or even supermarkets.

FRONT CASTER ASSEMBLY

Experience Precise Pad Pressure

- 2000 RPM models include the front caster assembly.
- Front leveling provides precise pad pressure for even shine and gloss.

* 230 Volt Models Available

MODELS

Model	Apron Size	RPM	Motor	Weight
DC-19-1170	19"	1170	1.5 HP	84 lbs.
DC-20-1170	20"	1170	1.5 HP	85 lbs
DC-21-1170	21"	1170	1.5 HP	86 lbs.

SPECIFICATIONS

ULTRA D.C. BURNISHER

Motor Type: 1.5 HP D/C Rectified

Amp Draw: 15 Amps

Machine Speeds: 1170, 1500 or 2000 RPM

Apron Sizes: 19", 20" or 21"

Chassis: Polished Aluminum

Wheels: 6" Non-Marking Operating, 4" Transport Wheels

Power Cord: (1) 50-Foot, 14/3-Gauge Safety Power Cord

Front Caster Assembly: Included on 2000 RPM Models Only
